

# **DomHeart21 Day “This Is My Season”**

## **FAMILY FUN DAY & FUNDRAISER**

**Saturday, August 14, 2010 at 11:00 AM – 6PM**

**Flushing Meadows Park (Triassic Park Area), Flushing NY, 11368**

The Dominic A. Murray 21 Memorial Foundation, Inc. was established in memory of 17 year-old Dominic Murray who died in October 2009 from Sudden Cardiac Arrest (SCA), after collapsing on the basketball court at Farmingdale State College during an open gym pick up game.

- SCA claims the life of 1 young athlete every 3 days.
- Most occurrences of SCA happen in public places.
- SCA can strike while playing sports, participating in physical education, or even walking to class.

**The only thing that may have saved Dominic’s life was an automated external defibrillator (AED). Sadly help arrived too late. Equipping places where youth congregate with AEDs along with the help of CPR-AED trained individuals can give a youth struck by SCA another chance at life.**

### **TICKETS MUST BE PURCHASED IN ADVANCE**

**\$10 (Adults), \$5 (children aged 3 to 12) FREE (kids under 3)**

**Tickets will be entered into a raffle. You’ll also enjoy a BBQ, Games, Activities, Contests, FREE Health Screening, and CPR & AED Demo**

**Proceeds raised will be used to purchase AEDs for schools & youth athletic facilities in memory of Dominic Murray. The average cost of an AED is \$3,000.**
